**SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:**

*On 20 October 2010, a telephone call was placed to applicant representative, Mr. Richard Danyko, regarding withdrawal of the restriction requirement of 26 May 2006. The examiner suggested reintroducing the subject matter of cancelled claim 12 directed to a method for building a 3D structure of a protein for molecular dynamics simulation. The following amendment was proposed, "A method for building a 3D structure of a protein for molecular dynamics simulation comprising: generating, using a computer, a topology for said protein by the method according to claim 2 or 9; and constructing, using a computer, a 3D structure from the topology." Mr. Danyko indicated the amendment was acceptable.*
